

GPDN Webinar Series 2021

Greetings!

GPDN is excited to kick off the GPDN Webinar Series for 2021! This year the series will be hosted via Zoom. The series will feature speakers from universities and government agencies across the country. Topics include invasive pests, modeling, and updates on some diseases. These topics are relevant to pest management specialists and diagnosticians in plant pathology, entomology, and weed science.

Schedule: Wednesdays, January 27 – March 17, 2021 | 8:00 AM WST, 9:00 AM GMT, 10:00 AM CST, 11:00 AM EST.

Registration: Register in advance for these webinars by clicking the links in the “Registration” column below. After registering, you will receive a confirmation email containing information about joining the webinar.

Contact: Eva Grimme at 406-994-5150 or Eva.grimme@montana.edu for more information.
